The report that there would be a fall meeting at Sheepshead was well received. There was considerable uneasiness among borsemen until the announcement was officially lmade.

The cutting of the program to five racing days a week was formally commented upon.

#### SMILEY CORBETT WINS SEATTLE'S STAKE.

Smilley Corbett wins Seattle's Stake.

Seattle, Wash., August 22.—A heavy downpour of rain which descended shortly before racing time today, rendered the going at The Meadows sloppy and was responsible for the riddling of a card that promised rare sport. Despite treacherous track conditions, form was well maintained and none but short-priced contenders were successful, favorites taking half of the card. William Cahill's gigantic taking half of the card. William Cahill's gigantic sprinter. Smiley Corbett, favored by a lucky start and served by the soft going, made a remaway race of the Interurban Handican, the stake feature of the program and worth \$1,550 to the winner. Smiley Corbett was well backed by the smart set on the theory that he would maintain his speed for a greater distance in the going than had the track remained dry. Critic, which disputed the running with him at all stages, was the only other contender off to advantage, the remainder of the field getting away in a tangle.

The decision of the Vancouver Handicap, a sidelight to the stake, was marred by an accident, which fortunately had no very serious results. First Peep, Edwin T. Fryer and Logistilla, three of the five starters, fell in a heap on the backstretch and lockeys Page, Walsh and Russell got bad falls. Page had an arm and leg injured, but the others escaped with a shaking np. The books did not have to pay off third money, Mirzer and Tony Faust being the only finishers.

Carrell Reid, owner of Mirzer, the winner, had made strenuous efforts to have his horse excused, as he had arranged to have the horse bet on in an eastern poolroom and was fearful that he could not win in muddy going.

#### NEW YORK POLITICS AND RACING.

Buffalo, N. Y., August 22.—Chairman Wadsworth of the Racing Commission thinks his son has a good chance for the nomination for governor at the Republican convention to be held in Saratoga.

Chairman Wadsworth also said: "There is no use attempting to pass racing relief measures in case Governor Hughes is re-elected, for he would not sign a favorable bill." That was Mr. Wadsworth's answer to a question if he thought the legislature would try to repeal the Hart-Agnew bill at its next session.

#### LIGHTNING DESTROYS ELMENDORF BARN.

Lexington, Ky., August 22.—Barn No. 7 at J. P. Haggin's Elmendorf Farm was struck by lightning last night and destroyed by the fire that resulted. It contained forty yearlings. All, with the exception of one, were saved by the men. The bay colt, by Goldinch—Queen Modred, the dam of Kenilworth and Old England, was burned.

#### THE PRIDE OF MISSOURI AND A GREAT RACE HORSE.

B. SCHREIBER'S B. C, 4, JACK ATKIN, BY SAIN-EL SALADO.

B. SCHREIBER'S B. C, 4, JACK
With the elements and his heavy weight against
lim, Jack Atkin was unable to add the rich Empire
City Handicap to his long list of triumphs. But
he made a gallant try for it and next to Ballot is
assuredly the best horse of his age in training.
When, in 1906, Barney Schreiber sold his then remarkable colt. Horace E., for the reported price
of \$25,000, he remarked that he had a better one
left in his possession. Time has justified his assertion. Horace E. proved a sorry failure for his new
owner, but Jack Atkin is a great race horse, tremendously fast, a grand weight carrier and probably a better stayer than he is ordinarily credited
with being.

As a two-year-old he started in nine races, of
which he won four and was second in two. Among
his victories were the Nursery Stakes at Louisville
and the Iroquois Stakes at Buffalo. In the latter
he carried 122 pounds and won at five furlongs
from the good colt Ethon with 112 pounds up

in 1:00½, an extra good race. In his three-year-old form he won eleven races, including the Claremont Handleap at Belmont Park, in which he defeated such flyers as Charles Edward and Suffrage. This year he has been a very successful race horse and has won among his races the Rex Handleap at New Orleans, Carter Handleap and Queens County Handlean at Aqueduct, Montague Stakes at Jamaica, Metropolitan Handleap and Crotona Handleap at Belmont Park, Parkway Handleap at Empire City, quite enough to make him out the best horse clip, quite enough to make him out the best horse Sain has yet sent to the races. His record is as follows:

Year. Age. Sts. 1st. 2d. 3d. Unp. Won. 1906 2 9 4 2 0 3 \$5,870 1907 3 \$29 11 10 4 4 12,410 1908 4 24 12 8 2 2 39,190

#### CONEY ISLAND JOCKEY CLUB'S ATTITUDE.

#### Declares It Will Close Its Gates to the Public if Betting Is Not Stopped.

New York, August 22.—It was decided today at a special meeting of the executive committee of the Coney Island Jockey Club, composed of Schuyler L. Parsons, chairman and personal representative of William K. Vanderbilt, owner of the Sheepshead Bay course, who is at present in France; Cornelius Fellowes, Herman B. Duryea, J. Harry Alexandre and Francis R. Hitcheoek that an autumn meeting at Sheepshead Bay of cleven days will be held if professional betting is climinated absolutely. The following resolution was adopted:

"That the autumn meeting be run off with eleven days racing, omitting the two Fridays, commencing August 29 and closing September 12, provided all professional betting can be stopped. Should it be found inpossible to stop professional betting, the gates will be closed to the public and the stakes only run off."

It was reported that the executive committee's action was due to instructions received from William K. Vanderbilt, who insists that not only the letter, but the spirit of the Hart-Agnew anti-betting law be obeyed.

It was resolved to run off all the stakes as originally scheduled and give the usual number of overnight purses to which the added money will be the same as at the June meeting. Because of the absence of stake fixtures on the two Fridays, September 4 and 11, these two days will be dropped.

The remarkable feature of the meeting was contained in the announcement that stringent efforts would be made to prevent the public from betting on the chances of the horses in the various races and the accompanying threat, that in case the Coney Island Jockey Club found it impossible to enforce this rule, the gates would be closed to the public and, in order to meet the obligations incurred by the association, the various stakes would be run off in private.

Even oral betting, such as has been practiced at the tracks since the law went into effect, will be stopped, the committee declares. That kind of betting, in the view of the committee, is a violation of the spirit of the law.

Speaking fo

it."

In many ways the Coney Island Jockey Club occupies a unique position in the horse racing field. The president of the association is William K. Vanderbilt. Among the directors are Clarence H. Mackay, E. D. Morgan, F. K. Sturgis and Harry Payne Whitney. The reason for the Coney Island Jockey Club's present radical departure from the policy

heretofore maintained at Jockey Club tracks, is the fear of being indicted by the special grand jury which Acting District Attorney Elder has called in anticipation of the coming Succephead Bay meeting. The attorneys for the track were in favor of holding the meeting. They say that if the races are conducted along the same lines as the Saratoga and Empire City meetings there would be no danger of police interference. The directors of the Jockey Club have been saying right along that the meeting would be held at any cost. It is said that Elder is planning an unusually drastic campaign against bettors and everything possible will be done to prevent speculating at the races in any form.

#### THIRTY LEADING HORSES.

Through his success in the valuable Empire City Handicap, Pinkola was elevated from twenty-eighth to seventh place in the list of winning horses, while Helmet's victory in the Hopeful Stakes made him a member of the distinguished thirty. Of the other horses Jack Atkin, Fayette, Melisande, King James and Stanley Fay made the most additions to their winnings. Including the racing of yesterday the thirty leaders and their winnings are as follows:

## FORT ERIE'S BANNER DAY.

GREATEST ASSEMBLAGE IN THE HISTORY OF THE TRACK VIEWS THE RACES.

Byzantine Defeats St. Volma in the Grand Canadian Steeplechase-Schreiber Two-Year-Old Runs Well.

Buffalo, N. Y.. August 22.—All former records for big attendance at Fort Eric were shattered today when a throng of visitors that filled every nock and cranny of the big stand and overflowed on the spacious lawns were on hand to witness the running of a well-arranged card of seven races, of which the Grand Canadian Steeplechase Handlean, over the full course, was the feature. The mass of people were in a betting mood also, and gave the thrity-live layers one of the busiest afternoons of their career. The bookmakers had revenge today for their recent drubbings, incurred chiefly from the followers of Powers. This rider had departed the followers of Powers. This rider had departed the followers of Powers. This rider had departed the followers of Powers. The rider had departed the followers of Powers. The product was the followers of the pointour of the pointers will have a standard the content of the followers of the point of the pointers will have a standard to the content of the pointers will be seen at the second race, was the only successful choice to land a purse, and his backing was only moderate. Because of his previous good performance St. Volma, coupled with La Veita as the Ferriss entry, was made an overwhelming favorite to win the steeplechase stake. But after flattering his backers by staying close to Manzano, the early bacemaker, for the first fifteen jumps, his weight told on himperceptibly, and, added to the fact that Archibald put up a stund ride near the end, he allowed Brzantine to come into an easy victory over him. Picktime wearing down Manzano in the last few strides for third place. Archibald claimed a foul against the winner which was not allowed.

The mile and a sixteenth handicap that followed was one of the best contests of the present meeting and resulted in a lucky victory for Polly Prim over Czar and The Minks. Czar was making his sets today and with an intelligent ride would have won handily.

Barney Schreiber's Dr. Holzberg proved kinnesife a game colt in the opening race by standing

would not be a starter in the Empire City Handicap.

Jockey Francis, after securing permission from the judges to accept mounts, was suspended by the starter for the remainder of the meeting for incompetency at the post.

Nugent Brothers have disposed of their recent purchase, Dennis Stafford, to A, Case for a reported consideration of \$2,500.

Jockey F. Burton showed good riding form today by piloting three winners.

Jockey Ross was fined \$50 by the judges for his attempt at rough riding in the sixth race.

A. G. Weston sold to C. H. Davidson the horses Elsa F. and Trappe.

#### MANY YEARLINGS SENT EAST FOR SALE.

Lexington. Ky., August 22.—Nearly 200 theroughbred horses will be shipped east tomorrow, a special train of eight horse cars and a sleeper will take 151 yearlings belonging to Milton Young. E. F. Clay, Catesby Woodford, John D. Carr. Eugene Rucker, Thomas Platt, Buford Allen and Woodford Brothers to Sheepshead Bay to be sold August 29, 31 and September 1. Owners will occupy the sleeper. Fourteen fillies, the last of the yearlings at Castleton Stud, go to Keene's stable at Sheepshead Bay to be broken by trainer James Rowe.

Rowe. Will Davis, who has been here for the past week buying thoroughbreds for hunting purposes, will ship twelve head ranging from three to six years old to Philadelphia tomorrow night. The yearlings belonging to Captain W. Harry Brown, Charles W. Moore, Clay Brothers and G. D. Wilson will be shipped to Sheepshead Bay next Wednesday and next Saturday those to be sold from Kingston. Maplehurst, Larchmont and Millstream Studs will go.

#### AUGUST BELMONT'S ENGLISH QUARTERS.

property being removed from the care of John Watson."

But Allison, the paper's special correspondent, writes Mr. Belmont has taken, or is about to take Balaton Lodge, where in future his horses will be under the charge of an English trainer, and one well known to us all in Newmarket.

The same correspondent writes: "Many people expected that Norman III, would be entered for the Cesarewitch and some take it as a 'tip 'that he cannot stay because he was not nominated. The horse, however, is looking and going very well at the present time. I thought I never saw him moving better than he did on the Limekilins yesterday, when he had a good mile and a half gallop in company with Historic. He will yet be heard—of in connection with the St. Leger."

#### STAKE RACES TO BE RUN THIS WEEK.

The Empire City meeting will come to an end next Friday. In the meantime one good stake race will be run on each remaining day of the meeting. Of these, the Whirl Stakes, for three-year-olds, at a mile, will be run tomorrow. The names of the probable starters are printed in this edition. The Knickerbocker Handican, a dash of three-quarters, for two-year-olds, with 83,000 added, will be decided Tuesday afternoon. It is an event well worth winning, and Footpad, Casque, Hilarious, Preceptor, Dick Roller, Torbellino, Simcoe, Wise Mason, Schleswig, High Range, Direct, Effendl, Homecrest, Siskin, Billy Bodemer, Takahira, Yankee Daughter and Erbet are among the speedy youngsters nominated.

The Fleckwing Handicap, for three-year-olds and over, at three-quarters, with \$2,000 added, is to be run Thursday, Many fast ones are in this, with the names of Jack Atkin, Roseben, King Cobalt, Magazine, Jacobite, Arasee, James B. Saturday will bring about the opening of the Sheepshead Bay autumn meeting, with the Futurity as the main attraction. This great race is reviewed elsewhere in this edition. Herctofore it has been the Conev Island Jockey Club's custom to have the langurard Steeplechase and the Fall Handican run on Futurity day. Presumably, the same course will be adhered to this year, but as yet the club has not announced its' program of running.

#### PRESIDENT BUTLER'S STURDY STAND.

New York. August 22.—"If a race track cannot be conducted without violating the law," said James Burler, president and chief owner of the Empire City plant today, "the gates should be closed. We are running a race meeting ter in accordance with the law and we hope that if there are any persons who violate the law shey will be arrested and prosecuted. We are in entire accord with the attitude of District Artorney Winslow. Sheriff Lane and the Yonkers police authorities, who are doing their best to see that the law is enforced to the letter,"

#### PROBABLE STARTERS IN THE FUTURITY.

Indications Point to a Small Field with Keene and Madden Entries Favorites.

The running of the Futurity is near at hand. This greatest of American races for two-year-olds will be decided at Sheepshead Bay next Saturday. Usually the Futurity has been an open race with many owners foodly hoping to land the fame and money attaching to its winning. The most conspicuous exception was last year when the matchless Colin was a conceded winner long in advance. This led to its being contested then by the smallest field numerically of its history, but eight going to the post. The smallest number previously was in Ogden's year, 1896, when ten two-year-olds started. The greatest number starting was in 1902 when Savable won, twenty-four then going to the post.

Seemingly the Futurity of this year is to be a duel between the representatives of John E. Madden and James R. Keene. There are a few two-year-olds in other ownerships that have run so well as to insure their being started, but on the whole their chances of winning are the chances of outsiders. This condition seems to foreshadow that the big event of next Saturday is to be contested by a field below the average in numbers. Seventy-four two-year-olds are eligible to start, but so far as public running is concerned, only the following seem likely to be started.

Besides those named, John E. Madden has nominations for Edward. Joe Madden, Schleswig, Lady
Bedford and Miss Kearney, but it is thought that
he will rely on his two champions. Sir Martin and
Fayette. Lawton Wiggins was entered by him, but
has been sold to Herman Brandt and might start
for the latter. Mr. Keene has Footpad and the
Meddler filly, Affliction, engaged, as well as the three
named, and H. P. Whitney, besides Perseus and
Hillside, has the right to start Bobbin, County Fair,
Sixty and the gelding by Hamburg—Dalsy F. Of
these, Sixty is a high-bred brown col t by Diamond
Jubilee—Miss Hamburg that has not started. These
three powerful stables seem to monopolize the sitution, and their secrets are well preserved. Improbable as it now seems it may be that some one or
more of those named in this paragraph may be a
reliance for Futurity honsors. Indeed, rumor now has
it that Affliction is a real star, reserved for the
Futurity.

However, the Futurity has always gone to a horse

FALL RACING FOR KENTUCKY TRACKS.

Lexington and Louisville in Line—Latonia's Atti- D.

tude Is As Yet Covered Up.

Lexington, Ky., August 22.—The information about a meeting at Latonia this fall is not reliable. There will be about forty-nine days of racing in Kentucky this coming fall. Lexington will open Saturday, September 26, seven days. The meeting at Louisville, which is to be conducted this season at Douglas Park, will follow immediately after Lexington, opening either on September 28 or 29. If the rule in vogue last spring is followed, the meeting will open on the latter date, which is Tuesday done on the latter date, which is Tuesday done on the latter date, which is Tuesday because it gave to horsemen more time for shipping and did not compel anyone to move on Sunday. The understanding is that Louisville will want seventeen or eighteen days and it can be said with assurance that the State Racing Commission will grant that number. So it appears that there will be racing at the Falls City from September 29 to October 17.

Local members of the State Racing Commission have heard nothing from the proprietors of the Latonia track with reference to dates, but rumor has it that Latonia will want four weeks immediately following Louisville, but that they can reinstate the bookmakers. There is scarcely room for belief that the commission will permit bookmak will the commission will be made to be state Racing Commission has a right to say what form of betting shall be employed. St. Volma had much taken out of him in following Manzano at a fast pace and the weight told on him in the last quarter and he pulled up sore. Picktime outstayed Manzano when it came to a drive. The latter made a bad landing at the last jump, where he went to his knees and almost fell.

#### HANDICAP OF JOCKEYS.

From time to time Daily Racing Form will publish a table of the comparative rating of those jockeys whose skill in the saddle has already been well demonstrated and of those who have not arrived, but give promise of coming excellence. The handican will divide these riders into four classifications, of which those admittedly in the front rank of their calling will be indicated by 100, thence downward through 95 and 90 to 80, the lowest classification from which advancement upward will come when justified by good riding. The table will also show the number of mounts, wins, seconds, thirds and unplaced from January 1, 1907, will be corrected from week to week, and is as follows:

HARNESS RACING IN RUSSIAN POLAND.

An American's Description of Moscow's Noble Track and Its Operation.

greatly changed in recent years. Formerly the horses did not race against each other, but went alone, being started in pairs, each going a different way of the track, and the one making the fastest time was-the winner. Now American methods are closely followed and the rules are modeled upon some decided differences. Heat control with some decided differences. Heat of the winner of the winner of the second heat does not want to trot another, he can retire, and if the time of the winner of the second heat does not beat his, he gets the money. But if he starts in the second heat, the horse that beats his time wins. For instance: A wins the second heat does not beat his, he gets the money. But if he starts in the second heat and second heat and second heat he second heat he second heat he will be second heat and B. beats him in 2:15. A wins. This might not be popular or successful on the Grand Circuit, where a lot of jocks lay awake nights scheming it works very well over there. Horses that break are penalized, and one that breaks at the finish and gallops under the wire is disqualified.

The Moscow driving park, on a racing day, presents a magnificent sight. The effort of the club is to attract the people by making the sport attractive of the control of the second heat the second heat the beat of the holds; all things seem to move like clock-work, and when to the beauty of the grounds and splendor of the buildings, is added an immense throug of people in holiday spirits and attire, the effect is something that an amatern like provided his control of the holiday spirits and attire, the effect is something that an amatern like second heat of the popular of the proposed of holiday spirits and attire, the effect is something that an amatern like second heat crowled he holiday spirits and attire, the effect is something that an amatern like provided his control of the con

MORE ABOUT THE MICHIGAN TRACK,

Chicago Real Estate Folks More Interested in It Than Racing Men.

With reference to a meeting in Michigan, near Chicago, Walter Parmer, of the northern racing circuit, recently said: "I received a letter, the closing day of the Windsor meeting, from a Chicago real estate man which outlined a plan to build a race track in Michigan on a lake point near Chicago. The party wanted me to take an interest in the venture and claimed that the promoters had plenty of capital to carry out their plans successfully. In case of my refusal to take an interest, I was asked to assume charge at a liberal salary. I thought so little of the matter, knowing how impractical it would be to operate a track in Michigan, that I did not even answer the letter.

"The letter further, stated that Chicago racegoers could be taken to the track in an hour and that the fare for the round trip would not exceed one dollar. I doubt very much if this could be done and two hours for the journey would probably be much nearer the time."

Mr. Parmer declines to give names or location.

#### SENSIBLE ENGLISH JUDICIAL OPINION.

Justice Bucknell, lately, at the Liverpool, Eng., ssizes, expressed the following opinion from the

assizes, expressed the following opinion from the bench:

"If a man went on a race course to enjoy himself, and saw a horse, and, knowing something about it, betted on it, he displayed the real sporting instinct; but when a man, occupied at his work, ran out in the middle of the day and backed a horse he had never seen, and only heard of through the papers, tilat was not true sport; it was gambling."
